MOT - THERMOPLASTIC HEATING FRAME

ORDER NO.	DESCRIPTION
THF	Thermoplastic Heating Frame (Custom Order)

The MOT Thermoplastic Heating frame is designed to provide even temperature
The THF allows your plastic to heat evenly, reducing air & off gas entrapment.

Available in Open or Closed Teflon (Air & Gas entrapment will occur/Closed Teflon)

Each MOT THF is custom made for your convection or infra red oven.
Proven effective with infra red ovens

This system works! THF Order form available on request.

MOT customer references are available on request.

CTPS36	Teflon / Silicone Adhesive (.014) 36" wide / L Foot
